

# Corporate Partners Program

**Mercy**<sup>+</sup>  
Health Foundation

*Together, we can touch more lives. Save more lives. And improve more lives.*

#### **Our Mission**

*As the Sisters of Mercy before us, we bring to life the healing ministry of Jesus through our compassionate care and exceptional service.*

#### **Our Purpose**

*Through collaborative partnerships, Mercy Health Foundation impacts the flourishing of our communities by inviting into our ministry those who have a passion to improve quality of life and make care accessible for all.*

#### **Corporate Partners Vision**

*Mercy Health Foundation's Corporate Partners recognize the value of a high quality health care system to a community's economic future. Our partners share the belief that progressive health care is the cornerstone for healthy communities, and access to high-quality care is integral to maintaining a strong workforce. Your corporate support will ensure the continued availability of our health services for all who need them.*

## Why Become a Corporate Partner with Mercy?

Building strong partnerships with community and business leaders helps us create a healthier workforce and a stronger community. Support from our Corporate Partners helps us bring new technology, programs and services to those we serve, right here in Jefferson.

### **Visibly demonstrate your company's commitment to the health of our community**

- Quarterly events specifically for Corporate Partners
- Exclusive access to Mercy senior leaders and physicians
- Private hospital and clinic facility tours with Mercy leaders and subject matter experts

### **Participate in special donor recognition opportunities**

- Networking and marketing opportunities to enhance business relationships

### **Help Mercy continue to deliver high-quality, innovative and compassionate health care to all who come to us**

*Health care is facing rapid changes. When we partner with Mercy, we are helping people receive access to the latest technologies and advances in quality health care to keep our community healthy.”* – **Bill McKenna, Community Volunteer**

## About Mercy

A young Irish woman named Catherine McAuley received an unexpected inheritance from a couple she lived with and for whom she provided care. She used those funds to open the first House of Mercy, serving impoverished women and children in Dublin, Ireland.

Catherine founded the Sisters of Mercy in 1831, a new kind of religious community – one that lived outside cloistered walls. They devoted their lives to ministering to the sick, poor and uneducated. They set up 14 Houses of Mercy across Ireland and England in the span of 15 years. By 1853, the Sisters were working on several continents.

The Sisters of Mercy arrived in St. Louis in 1856 to help the poor and sick. Their mission continues today at Mercy Hospital Jefferson.

### Our Commitment

Like the Sisters of Mercy before us, we are committed to providing high quality, compassionate health care to all those we serve, regardless of their ability to pay. On average each year, Mercy Jefferson provides more than \$10.5 million in charity care and additional community benefits, such as support groups, free health screenings and much more.

Mercy Jefferson  
provides an average of:

**\$10.5  
MILLION**

**IN CHARITY  
CARE ON AN  
ANNUAL BASIS**

# Mercy Hospital Jefferson

## Achievements

### Mercy Jefferson

- Ranked as a four-star hospital by Centers for Medicare and Medicaid Services (CMS) in February 2020
- Received an "A" grade from Leapfrog for patient safety for the fourth consecutive year
- Earned the Joint Commission's Gold Seal of Approval for Hospital Accreditation
- Earned Missouri TCD (Time Critical Diagnosis) Level III Certification for stroke and Level II Certification for cardiac care

### Mercy Ministry

- Ranked among the world's most technologically advanced, earning the Healthcare Information and Management Systems Society (HIMSS) Stage 7 certification (the highest stage)
- Ranked by IBM Watson Health as one of the top five large health systems in the nation for the medical care provided to Mercy's communities
- Named one of "HealthCare's Most Wired" organizations for the 16th year by the College of Healthcare Information Management Executives (CHIME)
- Earned gold level recognition for workplace health by the American Heart Association (AHA) for the third year in a row

## Technology

- MyMercy - free service that allows patients to connect with their physicians, see medical information, view test results, renew prescriptions, and schedule appointments and e-visits online using a PC, tablet or smartphone
- Comprehensive Breast Health program features advanced technologies, such as SOFIA 3D Ultrasound, combined with compassionate care
- Mercy's Virtual Care Center is the world's first facility dedicated to telehealth. A team of physicians and medical staff assists in the care of patients from intensive care units to their homes

# Mercy Hospital Jefferson's Current Priorities

Corporate gifts will help fund projects that transform health care in our community including Mental Health, Cancer Care and Women's and Children's Services.

According to the National Institute of Mental Health, just over 20% of American teens currently have, or have had, a debilitating mental health condition.

## Mental Health

Funds will help adolescents and adults who don't have the means to pay and are uninsured or underinsured receive treatment, transportation, educational materials and/or medications they need.

Approximately 40% of women and men will be diagnosed with cancer at some point in their lifetime, according to the National Cancer Institute.

## Cancer Care

Funds will provide patients with critical medications, screenings, biopsies and tests for patients in need. Funds will also support the Cancer Navigation program to meet the growing needs of the community.

The population of Jefferson County is over 224,000 with a 2.5% growth rate and a 26% increase in mothers choosing to have their babies delivered at Mercy Jefferson.

## Women's and Children's Services

Funds will cover the cost of co-pays and essential care items for uninsured moms. Funds will also help provide the latest technology and equipment needed to care for newborns.

*It's important to me to enhance the technology at our local hospital so our community can receive the best and most up-to-date care close to home. It's not just about investing in the care of an individual but in the community."*

**- Sara Govero, Director of Client Relations | Cosmich Simmons & Brown, PLLC**
